Casa Esperanza Graduation

Ceremony Program

Welcome Message

For nearly four decades this graduation ceremony has been the heart of our year, a day when our community gathers to honor courage, resilience, and the belief that recovery is possible. Here at the intersection of Recovery Month and Hispanic Heritage Month we celebrate the healing power that culture and community bring to the recovery journey. As we travel this road together, learning from and supporting one another, old patterns give way to a renewed sense of self and the confidence to build a future. Transformation is nurtured when heritage and shared history are recognized as sources of strength and belonging in the world.

Today's graduation is not just a time to reflect on our Graduates' hard work and accomplishments over the past year; it is also a time to celebrate, support, and renew our shared commitment to the future. In the face of adversity, each of our Graduates has demonstrated the courage it takes to forge a new life filled with pride, purpose, and love. Inspired by their strength we resolve once again, in solidarity, to meet our mission one day at a time—to lift each other up, help each other move forward, and never lose hope.

On behalf of the entire Casa family, I thank you for showing up for recovery – not just today but every day. Though the journey is long and often uncertain, if we stick together, there is no limit to what we can achieve.

Emily Stewart
Chief Executive Officer
